

GOLDEN EAGLE TRAINING & SAFETY

OCTOBER 2013 Newsletter

We hope all of you had a good and safe September. High School football, College football and the NFL are all back and running. We hope you favorite high school team, college team, and NFL team are all doing well. Just think, Christmas is less than 90 days away!! Goodness how time flies.

If you haven't already heard, which by now most of you have, Louisiana had a church shooting the latter part of September. Sept. 27 as a matter of fact, in a church in south LA, near Lake Charles. A man walked in as a revival was taking place and in front of about 65, shot the Pastor. The man was set on killing the Pastor as he shot him twice, the second time, as the Pastor was on the floor. Appears no Carrying Concealed Handgun carriers were in the church as the lunatic turned himself in to Law Enforcement officials later. He walked inside the church in the middle of revival, folks. There may be a motive by now which some may have already heard but gosh folks...if there was a motive for this scumbag, why do it in the middle of revival in front of 60+ folks worshipping? And you Pastors, Preachers, Deacons don't think it can happen in your church? Wake up! It can and might. We recommend highly if your church don't have a Carrying Concealed program, get one. If they won't nudge and you are a Carrying Concealed Handgun permit holder, be quiet and carry concealed. You don't go telling someone you did 85 mph coming home from work or you ran three stop signs do you? Point given.

Here is another one for all of you. Happened in St. Louis, MO. An off-duty officer and his girlfriend were out late jogging in a worldwide known park, Forest Park. Three mean wearing hoodies and bandanas covering their mouth confronted the couple and threatened their lives with a hand gun. Off-duty officer, being the kind of officer who carries concealed off-duty, pulled his hand gun and opened fire (exact words). One scumbag died there, one was shot in the buttocks, and one in the neck. Those two scumbags survived. Hurting pretty bad but survived. Just wasn't their time yet. And the conscience cop that carried

concealed off-duty.....may have to pay a ticket for being in the park past the 10pm curfew as the shooting took place at about 11:15 pm. So what! Pay a \$200 ticket and eliminate one scumbag and put two more in a hospital? Bet that cop will take that trade any day.

Okay folks, enough rambling. We are having three training courses for the public in October. A basic Carrying Concealed Handgun class is taking place Saturday, Oct. 12th at DWCC Range. If you know of anyone who wants to sign-up, direct them to our website. Still just \$52. Won't find it any cheaper anywhere. Other Instructors don't like us very much. 72 rounds of ammunition also. 8am - 5pm with an hour for lunch. Still some room left as of Tuesday, Oct. 1st. (The day of preparation of this newsletter)

Saturday the 19th, same location same times, we are offering an Advanced Carrying Concealed Weapons class. Also still \$52 but participants need a little bit more ammunition, 300 rounds. We offer this to the ones who have been through one of our courses or to anyone who is currently a CCH permit holder. We are offering this, as the course criteria covers what is needed if your church or employment requires further training. It is a real good class and have not had one unhappy student who has attended...

On the fourth Saturday in October, we are offering a Personal Safety Course, same place, same time, and guess what? For same price. Anyone, especially CCH permit holders, might be interested in attending this, as it covers some real good empty-hand techniques to protect you or someone else. For any age over 18. Course will also go over some easy to learn techniques for protecting someone from taking your firearm. A segment of the course will also provide those attendance with some great and simple to follow ways to stay safe and avoid being attacked. No ammunition needed for this course. Just register and show up and enjoy.

If you or someone you know are interested in signing up for one of the above course, direct them to our website, www.defensivetraining.us and follow the registering process. If you or anyone has any questions for the above course or anything to deal with personal safety or firearms, contact us through our website. We will not hesitate to quickly answer any questions or concerns.

We wish everyone a safe and great October, continue to watch out for those school children and remember, if you can, Carry Concealed!
